## **DETAILED ACTION**

### ***Allowable Subject Matter***

Claims 1, 3-4, and 6-15 are allowed.

The following is an examiner's statement of reasons for allowance:

As for claim 1, the prior art does not teach or fairly suggest the use of an information-image displaying method for displaying an image in which an information image is produced by executing a low-pass-filter process on an original image by performing an operation process relative to the original pixels, wherein the original pixels to be processed, during the low-pass-filter process, and the adjacent (n-1) original pixels represent a tap number, and that the elements of the image are separated by a least an amount corresponding to the tap number after producing the original image.

As for claim 15, the prior art does not teach or fairly suggest the use of an information-image displaying method for displaying an image in which an information image is produced by executing a low-pass-filter process on an original image by performing an operation process relative to the original pixels, wherein the original pixels to be processed, during the low-pass-filter process, and the adjacent (n-1) original pixels represent a tap number, and that the elements of the image are separated by a least an amount corresponding to the tap number after producing the original image.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

Art Unit: 2622

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
